EDUCATION

Babu Banarasi Das Northern India Institute of Technology
B.Tech in Computer Science
CGPA: 7.07

Lucknow, Uttar Pradesh
Expected Graduation, May 2025

PROFILE SUMMARY

Targeting **Full stack Developer** roles with an organization of high reputation with a scope of improving knowledge and further career growth.

- MERN stack (**MongoDB, Express.js, React, Node.js**) with a strong background in building scalable web Applications
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

PROJECTS

Blog Application with Authentication

June 2024- July 2024

Tools: React, Appwrite, Redux

A full-featured blog application enabling users to register, authenticate, and manage their blog posts seamlessly.

Responsibilities:

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Implemented user authentication and authorization using Appwrite, ensuring secure access to the application.
- Managed the backend entirely with Appwrite, handling data storage, retrieval, and user management efficiently.
- Utilized Redux for state management to ensure consistent and predictable application state.

Book-Selling Website

Tools: MERN, JWT (JSON Web Tokens), TailwindCSS

April 2023 – May 2023

Books-A-Million is an online bookstore offering a wide selection of books and cash-on-delivery payment. The site offers a responsive design, personalized recommendations, and integrated customer support, with an admin profile for managing the platform.

Responsibilities:

- Allow users to create and manage their accounts, track orders, and view purchase history.
- Implement robust search and filtering options to help users quickly find books by title.
- Allow users to place orders with cash-on-delivery as the payment method.
- Ensure the website is accessible and functional on various devices.
- Implement secure user authentication processes, allowing users to register, log in, and manage their accounts safely.

WORK EXPERIENCE

- **Java Developer Intern**
Oasis
October 2023 - November 2023
- Developed and maintained Java applications, ensuring high performance
- Utilized tools like Git for version control and JIRA for project management.

SKILLS

Programming: Java, JavaScript, HTML/CSS, SQL, Node.js, React.js, C, EJS.

Tools: Visual Studio Code, IntelliJ IDEA, Github, Git.
